Don't Treat Symptoms
Go after the cause. Stimulants and cathartics will never cure indigestion.
They may temporarily relieve the system but the next meal clogs it again. The
food should be digested. The nourishment—health—strength it contains
should be appropriated—absorbed by the system.

KODOL
purifies, cleanses, strengthens and sweetens the stomach.
This new discovery digests all classes of food and assists
the stomach and digestive organs in assimilating and
transforming it into the kind of nourishment that is
taken up by the blood and fed to the tissues throughout
the various organs of the body. Kodol cures indigestion
and dyspepsia, thus removing the cause of all stomach
troubles. Kodol gives such strength to the body that
it is invaluable in all wasting diseases.
"I wish to thank you for what Kodol has done for me," writes Clifton Gorton, Collett, Ind.
"It cured me of dyspepsia after everything else had failed. When I tried Kodol it helped me
right away. I cheerfully recommend it."
Kodol Digests What You Eat.
Prepared by E. G. DeWitt & Co., Chicago. The 11 bottle contains 24 times as much (by actual
measurement) as the trial size which sells for 50c.
DeWitt's Little Early Risers the famous little liver pills for biliousness or
constipation. Safe, thorough. They never gripe.
